

Addendum #2
Clearview Linen Services
RFP #CLV 21-01
February 9, 2021

Question #1

On the items serviced page there are multiple sheet lines and gown lines. When you emailed addendum #1 with totals, did this encompass all sheet and gown lines for those totals?

Yes, this does encompass all sheet and gown lines. We only require a small number of bariatric sheets and gowns, typically no more than four per month each.

Question #2

As we assemble the RFP, the Dodge County Terms and Conditions reference payment terms that are different than our contractual standard terms. Is this to be addressed on the RFP or will this be part of the negotiations of the contract should we be awarded the Service?

We ask that you incorporate Dodge County's payment terms to the extent possible. However, Dodge County would work with the selected service provider as part of the final contract negotiations.
