Asphalt Pavement Sealcoating

Dodge County Highway Department, Dodge County, WI

August 6, 2025

(Total 1 pages)

Notice to all firms:

This Addendum is issued to modify, change, delete from, add to, explain or correct the original Request for Bid and is hereby made a part of RFB #30 2025-09. In case of conflict between the Request for Bid and this Addendum, this Addendum shall govern. It is the bidder's responsibility to pass this addendum information to all involved in the bid.

Questions & Answers

Question 1: Can all locations be done simultaneously?

Answer: The roads in the bid are currently being paved. The expectation is the sealcoating product would be applied shortly after the pavement marking lines are placed. There will be coordination required with Dodge County Highway on the dates the paving projects are completed, but it could be possible to combine some locations to minimize mobilizations. Doing all locations simultaneously in one mobilization is not preferred.

Question 2: Are the roads prepared for seal coat?

Answer: The roads will be new asphalt with pavement marking when they are ready for the seal coat product. Assuming the sealcoat can be applied in a timely manner after the pavement marking is placed, the roads will be prepared for a sealcoating product.
